Author Guidelines – AIMCE'27

The authors are free to express whether or not they wish to publish their contribution and this is not mandatory. Those authors who do not want their contribution to be published, of course they can make the presentation of their contribution in AIMCE'27.

To ensure the scientific quality of published articles and maintain a rigorous peer-review process, all authors must strictly adhere to the following guidelines. **Only selected articles will be eligible for publication.**

1. Article Selection Criteria

Submitted articles must meet the following requirements:

- Must demonstrate **originality and novelty**
- Be of **high scientific quality** and provide a significant contribution to the field.
- The article must strictly correspond to one of the **workshop topics**. Submissions outside the workshop scope will be declined.
- Be written in proper English, with a clear title and abstract containing relevant keywords, corresponding authors, and contributing authors.
- Authors must not submit their papers elsewhere during the AIMCE'27 evaluation period.
- Have a minimum length of **10 pages (no maximum limit)** for the papers in springer **"Lecture Notes in Networks & Systems"**
- **Plagiarism (>15%)** is not accepted.
- **AI-generated** scientific content is not permitted. AI tools may only be used for language correction, proofreading, translation.
- Each article must include a minimum of **10 references**
- **All references must be cited in the text by placing** sequential numbers in brackets (for example, **[1], [2, 5, 7], [8-10]**). **They must be numbered in the reference list in the order in which they are mentioned in the text**.

- Most of the references should have been published within the last 6 years (from 2020)
- Avoid excessive self-citation or over-referencing the same authors or publications.
- All references must include the full title of the cited articles.
- The **DOI number** of each referenced article must be provided.

2. Additional Checks

- AIMCE'27 committee will conduct thorough checks to ensure compliance with these guidelines and maintain the journal's scientific integrity.
- Failure to comply may result in manuscript rejection, even after revision.

3. Publication fees

- Publication fees are clearly indicated on the official AIMCE'27 website
- Participants affiliated with the **CCPS Laboratory** benefit from a **50% reduction** in publication fees **(350 MAD instead of 700 MAD)**
